This catalogue has been printed using paper from responsibly managed forests.

GRAZIE!

THANK YOU!

Grazie per aver preferito il nostro brand. Scegliendo i prodotti Ac Rolcar hai la garanzia di collaborare con una realtà dinamica orientata a soddisfare le tue esigenze: dall'assistenza tecnica e commerciale al supporto marketing.

Oggi Ac Rolcar ti offre anche di più, acquistando i nostri prodotti diventi partecipe di attività volte a salvaguardare il pianeta e il benessere sociale ed economico di tutti.

Thank you for choosing our brand. By choosing Ac Rolcar products you will be working with a dynamic company dedicated to meeting your needs: from technical and commercial assistance to marketing support.

Today Ac Rolcar offers you even more. By purchasing our products, you are helping to safeguarding the planet and the social and economic wellbeing of all.

THE COMPANY

Ac Rolcar progetta, produce e distribuisce alzacristalli elettrici e manuali per l'aftermarket e il primo impianto. La gamma include serrature, maniglie, pompe lavavetri, guarnizioni, tubi carburante e sensori.
Scegliendo Ac Rolcar, avrete:
- un e-commerce dedicato ai ricambi;
- presenza sulle principali piattaforme di ricambi;
- staff pronto a rispondere alle vostre esigenze tecniche e commerciali;
- assistenza commerciale e tecnica via WhatsApp per scambio rapido di immagini, video e messaggi;
- tecnologie avanzate per velocizzare la preparazione degli ordini;
- servizio di consegna espressa.

Affidatevi ad Ac Rolcar per un'assistenza tecnica e commerciale che anticipa e soddisfa ogni vostra esigenza.

Ac Rolcar designs, manufactures, and distributes electric and manual window regulators for the aftermarket and original equipment market. Our product range includes door locks, door handles, washer pumps, windshields seals, fuel hoses, and trunk seals.
By choosing Ac Rolcar, you are guaranteed technical and commercial support that anticipates and meets all your needs:
- *e-commerce specifically built for our types of spare parts;*
- *presence of Ac Rolcar references on major spare parts platforms;*
- *staff ready to respond to technical and commercial needs;*
- *commercial and technical support via WhatsApp for quick exchange of images, videos, and text or audio messages;*
- *advanced technologies to maximize order preparation speed;*
- *express delivery service.*

Rely on Ac Rolcar for technical and commercial support that anticipates and meets every need.

Certificato

Norma **ISO 14001:2015**

N° registro certificato **01 104 1917501**

Titolare del certificato: **AC ROLCAR S.R.L.**
via G.B. Valente 62/I
16044 Cicagna GE
Italia

Campo di applicazione: Progettazione e produzione di alzacristalli per uso automobilistico; commercializzazione di componentistica per il settore automotive.

Mediante un audit è stata conseguita la dimostrazione che le prescrizioni della norma ISO 14001:2015 sono soddisfatte.

Validità: Questo certificato è valido dal 19.02.2024 fino al 18.02.2027.
Prima certificazione 2009

03.04.2024

TÜV Rheinland Cert GmbH
Am Grauen Stein · 51105 Köln

SISTEMI DI VALIDAZIONE (PVP)
VALIDATION PROGRAMS (PVP)

Con l'attenta selezione delle materie prime, il controllo dei componenti, del loro assemblaggio e la verifica del corretto funzionamento in portiera, l'azienda sottopone quotidianamente l'intero processo produttivo a severi sistemi di validazione (PVP).

Through its careful selection of raw materials, the check of components and their assembly and the check that the products work properly when installed in the car door, Ac Rolcar's entire production process undergoes rigorous daily process validation programs (PVP).

LIFT·SYSTEM

PLUG AND PLAY

I tempi d'installazione dell'alzacristalli si riducono grazie ai connettori "Plug and Play" (uguali alla connessione in portiera). Oltre il 60% della gamma alzacristalli elettrici Ac Rolcar monta questo tipo di connessione.

Se l'alzacristalli non è provvisto di connettore Plug and Play, Ac Rolcar include nella fornitura tutto l'occorrente per la connessione: una guaina termorestringente, due raychem e due fascette.
Grazie a questo kit di cortesia, la procedura diventa agile e veloce. Il raychem assicura il collegamento tra le parti, mentre la guaina termorestrigente e le fascette completano il collegamento.

Questo è un modo agile e veloce per connettere il cablaggio dell'alzacristalli alla portiera.

I motoriduttori presenti sui nostri alzacristalli garantiscono piena efficienza e affidabilità. L'omologazione è una garanzia che il componente soddisfa gli standard di prestazione richiesti.

E24

Installation times for power window regulators are reduced thanks to "Plug and Play" connectors (identical to the door connection). Over 60% of the Ac Rolcar power window range uses this type of connection.

If the power window regulators is not equipped with a Plug and Play connector, Ac Rolcar includes all the necessary components for the connection in the supply: a heat shrink sleeve, two Raychem connectors, and two cable ties.
Thanks to this courtesy kit, the procedure becomes quick and easy. The Raychem connectors ensure the connection between the parts, while the heat shrink sleeve and cable ties complete the connection.

This is a quick and easy way to connect the power window regulator to the door.
The ratio motors in our power window regulators ensure full efficiency and reliability. The homologation guarantees that the component meets the required performance standards.

LIN PROTOCOL

CENTRALINE CHE DIALOGANO CON IL PROTOCOLLO LIN
Sono in continuo aumento i riferimenti Ac Rolcar che utilizzano centraline in grado di comunicare con il protocollo LIN. Grazie a questo nuovo sistema, a partire dal 2018, Ac Rolcar è in grado di garantire il mantenimento di tutte le funzioni integrate nell'alzacristalli, anche dopo l'inserimento del ricambio in vettura. Le nostre centraline sono testate al 100%, e certificate CE e NSAI.

Le centraline LIN (Local Interconnect Network) rappresentano una soluzione innovativa per le auto moderne, comunicando tramite nuovi protocolli che riducono i cablaggi necessari e migliorano la sicurezza e l'affidabilità della trasmissione delle informazioni.

La centralina per alzacristalli DAF, alimentata a 24V è dotata di un microprocessore di ultima generazione e sistemi PINCH. Utilizza dispositivi MOSFET al posto dei relè elettromeccanici, riducendo i consumi e mantenendo il controllo costante della potenza del motore per evitare surriscaldamenti. La velocità del motore è regolata con tecnologia PWM, che rallenta la chiusura del vetro.

CONTROL UNITS THAT INTERFACE WITH THE LIN PROTOCOL
References to Ac Rolcar products that use control units capable of communicating with the LIN protocol are continuously increasing. Thanks to this new system, starting from 2018, Ac Rolcar has been able to ensure the maintenance of all integrated functions in the power windows, even after replacing parts in the vehicle. Our control units are 100% tested and certified CE and NSAI.

LIN (Local Interconnect Network) control units represent an innovative solution for modern cars, communicating through new protocols that reduce the necessary wiring and improve the security and reliability of information transmission.

The DAF power window control unit, powered at 24V, is equipped with a next-generation microprocessor and PINCH systems. It uses MOSFET devices instead of electromechanical relays, reducing consumption and maintaining constant control of motor power to prevent overheating. The motor speed is regulated with PWM (Pulse Width Modulation) technology, which slows down the window's closing.
